Revision TKR course

Following the success of the primary TKA course in Feb 2014, it is a pleasure to host this renowned Instructional Course on revision knee replacement. It is the first time to have such a course conducted in **Egypt** with participating Egyptian faculty.

This course was designed and run since 2001 in **Austria** by **Dr Siegfried Hofmann**, Associate professor LKH-Stolzalpe Orthopaedic Department, **Murau, Austria**:

- Is a specialized referral centre in the Austrian Alpes with eight Subspecialist Orthopaedic Teams.
- **Dr Hofmann** is the Head of the Knee Team and is a world authority in Knee Surgery in general and Arthroplasty in particular. He is a fascinating teacher, with a clear and strong impact.
- More than 1,500 surgeons have already visited knee training centre
- More than 1,000 hip and knee replacement surgeries are done every year.

Thursday 6 Nov.

Program

Friday 7 Nov.

Session I

Failure Analysis
Exclude Infection
Planning
Implant Choice
